Sir

With reference to your official memorandum No. 2826 dated 22nd February 1904 forwarding a petition from Rangaya and other ryots of Basarekuru in the Chennagiri Taluk, praying for the removal of tamarind trees in their village which are injurious to their health etc; I have the honour to state that in the list of the tamarind trees in the village furnished by the Amildar, 47 trees are mentioned in all, of which some 43 are in close proximity

G.T. 138-02

with the houses. The villagers are not for felling and removing the entire number at their own cost but they undertake to fell and remove at their cost, so many of the trees as are within a distance of 10 or 12 yards from their houses. It is inexpedient to employ Government agency to fell and remove these trees as the cost of it will be prohibitive. I agree with the Amildar in thinking that it would be sufficient for the present to leave to the villagers the option of cutting at their own cost the 43 trees, which are close to the houses. I am going to the Taluk shortly and after inspecting the village if I

find. that more trees have to be felled, I shall take the necessary steps for it.

2. Considering the size of the village I think that the idea of a municipal administration for it is yet premature.

3. The petition is herewith returned

I have the honour to be
